PROFILE

A driven Applied Science finalist from the Rajarata University of Sri Lanka, combining a strong foundation in biological sciences with practical industry experience. Proven track record in corporate operations, specializing in documentation, invoice verification, and inventory control. Currently researching the microbial fermentation and nutritional quality of local grains, complemented by a professional background in fitness and conditioning. Offers a unique blend of scientific inquiry, organizational precision, and a passion for health and wellness.

EXPERIENCE

2021-2022

Kalbe Pharma Pvt. Ltd.

Trainee

Assisted operations teams in managing pharmaceutical supply chain workflows. Handled documentation maintenance, invoice checking for financial verification, and data entry for stock balancing. Provided cross-functional support and problem-solving to streamline daily administrative processes and ensure data accuracy.
